Aanii,

The Anishinabek Educational Institute (AEI) is looking into improving/developing post-secondary programs and services that best meet community needs. AEI is interested in supporting educational opportunities and goals. We are currently conducting research to collect information on which programs are in demand or are of high interest to students throughout different communities.

In line with this, we have created a survey for students and adults who are interested in applying to post-secondary programs as well as community members who feel the need for more educated people in their community. Your involvement in this survey will greatly influence the development of our programs at the Anishinabek Educational Institute.

Once you have completed the survey, you can email it to Kelly McLeod at kelly.mcleod@anishinabek.ca. If you have any questions regarding the survey or AEI, please email Kelly McLeod at the above address or call 705-497-9127 ext. 2228. Thank you for your time and participation in our Community Needs survey.

Please share with your contacts.
